

Greetings,

The Ventura Disc Golf Club (VDGC) and Disc Golf Association (DGA) are pleased to announce the 2011 Coyote Classic. This annual event will be held in Ventura, California from October 8-9, 2011.

Tournament play will be conducted on the Coyote Point disc golf course located in the Lake Casitas Recreation Area. The event will feature over 150 competitors, and spectators from around California, Oregon, and Nevada.

For those not familiar, Disc Golf is a game that combines perhaps the two most popular recreational outlets in American culture: throwing a Frisbee and playing golf. Our players and fans have grown rapidly over the last decade, as measured by the number of courses installed, the number of tournaments conducted, our growing membership, the number of articles published in business journals, as well as the sheer number of players we find on our courses. The VDGC is currently seeking sponsors for the event. Sponsorship commitments are greatly appreciated and range from individuals to corporations. Not only will your involvement and sponsorship help ensure that this event is a huge success, it will also offer you and your company an opportunity to promote your products and services to this dynamic group of competitors and spectators. A tournament of this caliber is time consuming and expensive. We hope that with your kind help, we will be able to raise enough funds from the 30 tee signs sponsors and prize donations to provide all players and spotters with a wonderful players package and a dinner on Saturday night. With your support, we can put on a professional and enjoyable event for players and spectators alike. Thank you for your time and consideration.

Please browse through the “Sponsorship Options” below for the most comfortable opportunity for you to advertise your business or promote your message. It will be an honor to help promote your business in a manner that works best for your needs. Please contact us with any questions or ideas.
